

Last update: June 21, 2017

| 20-set | | | | | | |
|-------------------------------|---|--|--|--|--|--|
| Plenary APOLLON - 1,500 seats | | | | | | |
| 17:00 | Opening Ceremony Prevention of Cognitive Decline and Dementia: fiction or reality? <i>Bruno Vellas (France)</i> | | | | | |
| 18:30 | Welcome reception | | | | | |

| 21-set | | | | 21-set | | | |
|----------------|--|---|---|--|---|---|-------------------------------|
| | Plenary Room ATHENA 750 seats Keynote Lectures | ROOM 1 - CLIO 200 seats | ROOM 2 - THALIE 200 seats | ROOM 3 - ERATO 200 seats | ROOM 4 - URANIE 200 seats EAMA Core Curriculum | ROOM 5 - RISSO A 150 seats | ROOM 6 - RISSO B 150 seats |
| 08:30 10:00 | PERSONALISED PREVENTION VERSUS POPULATION-BASED APPROACH Chairs: tbd 1. Personalised prevention in geriatrics <i>Gunnar Akner (Sweden)</i> 2. Pharmacogenetics: does it have a role in geriatrics? <i>Alberto Pilotto (Italy)</i> 3. Population-based prevention: dementia as an example <i>Carol Brayne (United Kingdom)</i> | SIG Symposium - IMPROVING PREVENTIVE SCREENING FOR SARCOPENIA Chairs: tbd 1. The value of SARC-F in the screening of sarcopenia. <i>Marjolein Visser (The Netherlands)</i> 2. The role of ultrasounds in the early assessment of sarcopenia. <i>Stany Perkisas (Belgium)</i> 3. Exploring muscle mass measurements that predict functional outcomes. <i>Gülistan Bahat (Turkey)</i> | Oral Communications | Submitted Symposium Gerontechnology: don't miss the train, but where is the right wagon? Chairs: <i>Stephen Morgan (United Kingdom), Jean Petermans (Belgium)</i> 1. Gerontechnology: for whom and why? <i>Sebastien Piccard (Belgium)</i> 2. Early development and evaluation of technological devices <i>Antoine Piau (France)</i> 3. Textile based sensing <i>Stephen Morgan (United Kingdom)</i> 4. Why does EUGMS need a Strategic Interest Group on gerontechnology <i>Jean Petermans (Belgium)</i> | How to prevent iatrogenic risk? Chair: <i>Mirko Petrovic (Belgium)</i> 1. Anticoagulants and bleeding <i>Wilma Knol (The Netherlands)</i> 2. Benzodiazepine dependence <i>Aline Corvol (France)</i> 3. Antidiabetics <i>Isabelle Bourdel-Marchasson (France)</i> | Oral Communications | Oral Communications |
| 10:00 10:30 | Coffee break | | | | | | |
| 10:30 12:00 | Physical activity in prevention Chairs: <i>Yves Rolland (France), tbd</i> 1. Physical activity in community dwelling older people: which intervention should we consider? <i>Roberto Bernabei (Italy)</i> 2. Physical activity in people with dementia: How to prevent the functional decline <i>Erik Rosendal (Sweden)</i> 3. Chronic diseases: what can we expect from physical activity <i>Philippe de Souto Barreto (France)</i> | Promiss Symposium Prevention Of Malnutrition In Senior Subjects in the EU Chairs: <i>Marjolein Visser (The Netherlands), Georg Ruppe (Austria)</i> <i>Marjolein Visser (The Netherlands)</i> 1. General outline & objectives PROMISS 2. Associations of poor diet quality with incident malnutrition in older adults <i>Linda Hengeveld (The Netherlands)</i> 3. Low protein intake, muscle strength and physical performance in the very old <i>Nuno Mendonca (United Kingdom)</i> 4. Dietary protein food patterns are associated with incident frailty and disability <i>Helene Payette (Canada)</i> 5. Physical function and poor appetite among community dwelling older adults <i>Milan Chang (Iceland)</i> | EDA-EUGMS Symposium Improving Delirium Care: An Opportunity for Geriatrics Chairs: <i>Antonio Cherubini (Italy), Alessandro Morandi (Italy)</i> 1. The bedside assessment of delirium: past, present and future. <i>Alasdair MacLulich (United Kingdom)</i> 2. The 2015-2016 Italian delirium day towards a European delirium day. <i>Giuseppe Bellelli (Italy)</i> 3. Delirium evaluation across Europe <i>Anette Høyen Ranhoff (Norway)</i> | Submitted Symposium The FP7 SENATOR Project: ADR Prevention in Multi-morbid Older People in Hospital. Chairs: <i>Alfonso Cruz-Jentoft (Spain), Adalsteinn Gudmundsson (Iceland)</i> 1. Adverse drug reactions in older people and their prevention: the need for a new approach. <i>Mirko Petrovic (Belgium)</i> 2. The SENATOR Project: Genesis & Development <i>Denis O'Mahony (Ireland)</i> 3. The SENATOR Clinical Trial <i>Paul Gallagher (Ireland)</i> 4. ONTOP: Can Non-Pharmacological Interventions be recommended to prevent or reduce critical outcomes in older subjects? <i>Antonio Cherubini (Italy)</i> | How to prevent cardiovascular diseases? Chair: <i>Simon Conroy (UK)</i> 1. how to prevent coronary disease? <i>Tomasz Grodzicki (Poland)</i> 2. how to prevent thrombotic diseases? <i>Sergio Fusco (Italy)</i> 3. how to prevent cardiac decompensation? <i>Burcu Yavuz (Turkey)</i> | 30 minutes lecture Gerodontology <i>Anastassia Kossioni (Greece)</i> Oral Communications | Oral Communications |

| | | | | | | | |
|----------------|--|--|---|---|---|--|---|
| 12:00 13:30 | Lunch | Lunch Session EDWARDS Heart valve disease in elderly patients, a focus on Aortic Stenosis <i>Chairs: Francesco Mattace Raso (The Netherlands), Andreas Schönerberger (Switzerland)</i> 1. The aging population & Aortic Stenosis, a disease of the elderly <i>Philippe Chassagne (France)</i> 2. What are the barrier for a patient with AS? From diagnosis to treatment <i>Laurent Dragoul (France)</i> 3. How can the geriatrician get involved in Aortic Stenosis diagnosis and support TAVI treatment <i>Andrea Ungar (Italy)</i> 4. Expansion of indications for patients treated with TAVI – Overview on the changes <i>Guy Lloyd (United Kingdom)</i> | Lunch Session NESTLE' Secondary sarcopenia: Medical conditions increase muscle loss and need for specialized nutrition <i>Chair: Tommy Cederholm (Sweden)</i> 1. Older adults undergoing cancer treatment Chronic kidney disease patients <i>Daniel Teta (Switzerland)</i> 2. Old patients with polymorbidity <i>Kristina Norman (Germany)</i> 3. Older adults undergoing cancer treatment <i>Alessandro Laviano (Italy)</i> | Lunch Session MERCK Herpes Zoster: protecting against the enemy within 1. Welcome and Opening Remarks. 2. Functional decline in Elderly with HERPES ZOSTER 3. Vaccines: expectations and real world evidence 4. Q and A session | Lunch Session NORGINE Constipation in Older People: A Consensus on treatment <i>Chair: Enrique Rey (Spain)</i> 1. Prevalence of older constipation in the older population Enrique Rey (Spain) 2. Discuss the guidance available in the different countries included in publication. <i>Maria Cristina Neri (Italy)</i> 3. Review precis of guidance and then go on to present the consensus statements and the flowchart included in the publication. Anton Emmanuel (U.K.) 4. Potential time to discuss a case study with good/ bad management that will highlight the need for guidance in this age group - Enrique Rey (Spain) | EAMA CORE CURRICULUM WORKSHOP 1 Screening & prevention in older adults in primary care <i>(max 40 participants, with voting system)</i> <i>1 teacher & 1 EAMA student:</i> <i>Nele Van Den Noortgate (Belgium)</i> | Lecture A.MENARINI <i>Chair: Athanase Benetos (France)</i> 1. Introduction <i>Athanase Benetos (France)</i> 2. Chronic hyperuricaemia in the elderly: a bridge between joints and cardiovascular disease? <i>Giovambattista Desideri (Italy)</i> 3. Discussion and Q&A |
| 13:30 15:00 | How to assess the efficacy of preventive strategies in older subjects <i>Chairs: tbd</i> 1. Searching for the ideal clinical study design: The Quest for the Holy Grail? <i>Emmanuel Lesaffre (Belgium)</i> 2. Extrapolating from fit to frail. Is it possible? <i>Antonio Cherubini (Italy)</i> 3. A life course approach to preventive strategies in older people <i>Avan Sayer (United Kingdom)</i> | SIG Symposium - Secondary prevention in fragility fracture <i>Chairs: Paolo Falaschi (Italy), tbd</i> 1. Fracture liaison services: what is the evidence? <i>Finbarr Martin (United Kingdom)</i> 2. Antiosteoporotic treatment for secondary prevention <i>Nicola Napoli (Italy)</i> 3. Falls prevention and Rehabilitation after fracture <i>Hubert Blain (France)</i> 4. Role of an Audit in secondary prevention <i>Dave Marsh (United Kingdom)</i> | The challenge of the clinical decisions in frail multimorbid older subjects: results and recommendations from the european MPI Age Project <i>Chairs: Stefania Maggi (Italy), Alberto Pilotto (Italy)</i> 1. Prognosis and "precision medicine" in older subjects <i>Luigi Ferrucci (USA)</i> 2. Education of Health-Care Professionals about the Multidimensional Approach to the older Subject <i>Maria Cristina Polidori (Germany)</i> 3. Multidimensional Prognostic Index (MPI) in clinical practice <i>Alberto Pilotto (Italy)</i> 4. Recommendations from the MPI_AGE European Project <i>Alfonso Cruz-Jentoft (Spain)</i> | Submitted Symposium Activating older people to plan future care: advance care planning <i>Chairs: Giovanni Gambassi (Italy), Nele Van Den Noortgate (Belgium),</i> 1. Prevalence and characteristics of Advance Directives among nursing home residents in Belgium, the Netherlands, the UK, Poland, Italy and Finland: EU funded PACE project <i>Katarzyna Szczerbinska (Poland)</i> 2. Opportunistic and planned conversations about future care: the implementation of ACP as part of an innovative palliative care intervention 'PACE Steps to Success' in nursing homes <i>Sophie Pautex (Switzerland)</i> 3. Advance care planning in dementia <i>Nele Van Den Noortgate (Belgium)</i> 4. The need for a whole system approach to optimally implement Advance care Planning in the nursing home context: development of a complex intervention <i>Lieve Van den Block (Belgium)</i> | How to prevent delirium? <i>Chair: Anett Hylen Ranhoff (Norway)</i> 1. in post-intervention <i>L.O. Watne (Norway)</i> 2. in emergency room <i>Steffen Schlee (Germany)</i> 3. in nursing homes <i>Sophie Allepaerts (Belgium)</i> | 30 minute lecture <i>Jane Barratt</i> the role of NGO's on health promotion and healthy aging Oral Communications | Oral Communications |
| 15:00 15:30 | Coffee break | | | | | | |
| 15:30 17:00 | Nutrition and prevention of aging-associated disease <i>Chairs: tbd</i> 1. Nutrition, frailty and longevity <i>Cornel Sieber (Germany)</i> 2. Mediterranean diet and prevention of cardiovascular diseases <i>Francesco Sofi (Italy)</i> 3. Nutrition and prevention of dementia <i>Miia Kivipelto (Finland)</i> | Pro/Cons Symposium 1 <i>Chairs: Athanase Benetos (France)</i> A .Goals of antihypertensive treatment in the frail Is SPINT applicable (Y/N) <i>Pros: Tomasz Grodzicki (Poland)</i> <i>Cons: Ute Hoffmann (Germany)</i> B. Direct Oral anticoagulants in the very old (Y/N) <i>Pros: Olivier Hanon (France)</i> <i>Cons: Pierre-Olivier Lang (Switzerland)</i> | Prevention in Nursing Home <i>Chairs: Yves Rolland (France), Mirko Petrovic (Belgium)</i> 1. How to prevent inappropriate drugs prescription in Nursing Home <i>Harriet Finne-Soveri (Finland)</i> 2. When to stop preventive drugs in Nursing Home <i>Graziano Onder (Italy)</i> 3. Can we limit psychotropic drugs prescription in Nursing Home resident with dementia? <i>Sylvie Bonin-Guillaume (France)</i> | Submitted Symposium European Training Collaborations in Geriatric Medicine in a time of Political Uncertainty <i>Chair: Adam Gordon (United Kingdom), Monica van Eijk (The Netherlands)</i> 1. The European Academy for Medicine of Ageing (EAMA) – Adapting to changing models of geriatric care <i>Regina Roller-Wirnsberger (Austria)</i> 2. Building Competencies through Overseas Fellowship – A Lithuanian's Experience in the UK <i>Asta Mastaviciute (Lithuania)</i> 3. Building an Educational Exchange in Medicine of Older People across two European Countries <i>Anouk Kabboord (The Netherlands), Barry Evans (United Kingdom), Rachel Cowan (United Kingdom)</i> | How to prevent early & unplanned hospital readmission? <i>Chair: Anne Ekdahl (Sweden)</i> 1. After acute care (including Emergency room discharge) <i>Luis Mieirol (United Kingdom)</i> 2. After subacute care <i>Katrin Singler (Germany)</i> 3. During chronic care (e.g nursing homes) <i>Yves Rolland (France)</i> | Oral Communications | Oral Communications |

| | | | | | | | |
|----------------|--|---|---|---|--|--|--|
| 17:00 18:30 | | Sponsored Symposium NUTRICIA The importance of nutritional intervention for frail elderly patients | Sponsored Symposium GSK The Era of Healthy Ageing: Can vaccination against pertussis have a role? Chairs: <i>Jane Barratt (USA), Antonio Cherubini (Italy)</i> <ol style="list-style-type: none"> Welcome and introduction. <i>Jane Barratt (USA)</i> Vaccine-preventable diseases in older adults. <i>Johan Flamaing (Belgium)</i> Pertussis disease in older adults. <i>Nicole Guiso (France)</i> Pertussis vaccination in older adults. <i>Walid Kandeil (Belgium)</i> Panel discussion and Q&A. <i>Antonio Cherubini (Italy)</i> | Sponsored Symposium SIGMA TAU Peripheral Neuropathy, Chronic Pain and depression in the elderly Chair: <i>S. Maggi (Italy), T. Strandberg (Finland)</i> <ol style="list-style-type: none"> Clinical approach to peripheral neuropathy and chronic pain: unmet needs. <i>C. Sieber (Germany)</i> New pharmacological targets in the treatment of neuropathic pain and related depression. <i>F. Nicoletti (Italy)</i> Acetyl-L- Carnitine in peripheral neuropathy and depression: overview of literature. <i>S. Jann (Italy)</i> | Sponsored Workshop ONTEX h17,00/18,00 Improving detection and intervention in older patients with Urinary Incontinence Chair: <i>Carlos Verdejo.</i> | EAMA CORE CURRICULUM WORKSHOP 2 Social Isolation: how to improve the care of socially isolated older patient? (max 40 participants, with voting system) <i>Sylvie Bonin-Guillaume (France), Marie de Saint-Hubert (Belgium)</i> | |

| 08:30 10:00 | Is frailty a good concept for preventive strategies? Chairs: <i>Alfonso Cruz-Jentoft (Spain), Matteo Cesari (France)</i> <ol style="list-style-type: none"> Prevention and early diagnosis of frailty and functional decline. <i>Tomasz Kostka (Poland)</i> Modulate the prevention strategy according to the level of frailty. <i>Leocadio Rodríguez-Mañas (Spain)</i> Self-reported screening tools for detecting community-dwelling older persons with frailty. <i>Matteo Cesari (France)</i> | SIG Symposium in collaboration with AMDA - Core Competencies for LTC-Physicians Chairs: <i>Olafur Samuelsson (Iceland), Daniel Swagerty (USA)</i> <ol style="list-style-type: none"> LTC-SIG introduction: spec in geriatrics. <i>Olafur Samuelsson (Iceland)</i> AMDA Competencies for Post-Acute and Long Term Care Medicine: Advancing Physician Clinical Competency, Commitment and Integration. <i>Daniel Swagerty (USA)</i> Geriatrics in primary care, the Dutch way: educational programs for nursing home physicians and family physicians. <i>Wilco Achterberg (The Netherlands)</i> ELTECA experience in long term care of Central and Eastern Europe. <i>Katarzyna Wieczorowska-Tobis (Poland)</i> | EUGMS-IOF-ESCEO Symposium - Does nutrition play a role in the prevention and management of sarcopenia? Chairs: <i>Stefania Maggi (Italy), Jean-Yves Reginster (Belgium)</i> <ol style="list-style-type: none"> Introduction and scope of the problem. <i>Charlotte Beaudart (Belgium)</i> Role of Calcium and Vitamin D. <i>René Rizzoli (Switzerland)</i> Role of proteins and other nutrients. <i>Marjolein Visser (The Netherlands)</i> Interaction between nutrition and exercise. <i>Olivier Bruyere (Belgium)</i> Discussion. <i>Stefania Maggi (Italy)</i> | Submitted Symposium Arterial component of the Alzheimer disease Chairs: <i>A. Benetos, tbd</i> <ol style="list-style-type: none"> Arterial stiffness and Alzheimer disease, a simple association? <i>Athanase Benetos (France)</i> Cognitive decline, arterial stiffness and antihypertensive treatment. <i>Chakravarthi Rajkumar (United Kingdom)</i> Vascular aging and cognitive decline. The Rotterdam study. <i>Francesco Mattace-Raso (The Netherlands)</i> | How to prevent "avoidable" disability? Chair: <i>Karen Andersen-Ranberg (Denmark)</i> <ol style="list-style-type: none"> How to rehab it? <i>Kaisu Pitkala (Finland)</i> How to avoid it? <i>Samuel Périvier (Switzerland)</i> How to limit it? <i>TBD</i> | Oral Communications | Oral Communications |
| 10:00 10:30 | Coffee break | | | | | | |

| | | | | | | | |
|-----------------|---|---|---|--|--|---|---------------------|
| 10:30 12:00 | <p>Controversies in cancer screening after the age of 65 years Chairs: Laure Dedecker (France), Mirko Petrovic (Belgium)</p> <p>1. Breast cancer (screening) in older individuals: the oncologist's viewpoint for the geriatrician <i>Hans Wildiers (Belgium)</i></p> <p>2. Until what age should we screen for cancer? <i>Ioannis Karaitianos (Greece)</i></p> <p>3. Individual cancer screening: can geriatric screening tools provide a response ? <i>Elena Paillaud (France)</i></p> | <p>Pros/Cons Symposium 2 Chair: Maria Soto-Martin (France)</p> <p>C. Use of antioxidants in preventive cognitive decline (Y/N) Pros: TBD Cons: <i>Antonia Trichopoulou (Greece)</i></p> <p>D. Statins after 80 (Y/N) Pros: <i>Timo Strandberg (Finland)</i> Cons: <i>Line Kikerby Petersen (Denmark)</i></p> | <p>Submitted Symposium - Emergency Geriatric Medicine: Prevention of functional decline in older patients after ED visit or acute hospitalization Chairs: Sarah Turpin (United Kingdom), Christian Nickel (Switzerland)</p> <p>1. The Acute Frailty Network <i>Simon Conroy (United Kingdom)</i></p> <p>2. The Acute Care for Elders Collaborative <i>Anna Bjorg Jonsdottir (Iceland)</i></p> <p>3. Hospital ADL Study <i>Bianca Buurman (The Netherlands)</i></p> | <p>Submitted Symposium Malnutrition in older adults (MaNuEL) – an introduction to this European collaborative Knowledge Hub and first results. Chairs: Marjolein Visser (The Netherlands), Dorothee Volkert (Germany)</p> <p>1. The Malnutrition in the Elderly Knowledge Hub: a project overview <i>Dorothee Volkert (Germany)</i></p> <p>2. The effectiveness of nutritional interventions in older adults across different health care settings <i>Ilse Reinders (The Netherlands)</i></p> <p>3. Nutritional screening tools used and validated in older adults in various settings <i>Lauren Power (Ireland)</i></p> <p>4. Determinants of incident malnutrition in older persons: results of a multi-cohort meta-analysis <i>Melanie Streicher (Germany)</i></p> | <p>How to prevent cognitive decline? Chair: Maria Soto Martin (France)</p> <p>1. at normal cognitive aging stage <i>Thomas Jackson (United Kingdom)</i></p> <p>2. at MCI stage <i>Sofia Duque (Portugal)</i></p> <p>3. at dementia stage <i>Matteo Tosato (Italy)</i></p> | <p>30 minutes lecture: <i>The ageing phenotype: beyond description Luigi Ferrucci (USA)</i></p> <p>Oral Communications</p> | Oral Communications |
| 12:00 13:30 | Lunch | <p>Lunch Session MERCK Adult Pneumococcal Vaccination: Analysing Real World Data</p> <p>1. Welcome and Opening Remarks.</p> <p>2. Changing epidemiology of pneumococcal disease in the era of PCV</p> <p>3. Pneumococcal Vaccine Efficacy, Effectiveness, Immunogenicity (PPV and PCV): Recent data</p> <p>4. Policy decision-making process (STIKO, ACIP).</p> <p>5. Q and A session</p> | <p>Lunch Session ABBOTT Loss of muscle mass and function: implications for clinical practice</p> <p>1. Welcome & Introductions. <i>Ricardo Rueda</i></p> <p>2. Skeletal muscle as a dynamic organ that orchestrates whole body metabolism - Dr. Josep Argilés (Spain)</p> <p>3. beyond bmi: Nutritional strategies to manage loss of muscle mass and function in patients in hospital and the community. <i>Francesco Landi (Italy)</i></p> <p>4. Panel Discussion Q&A</p> | <p>12:00-12:30 FIDIA Chair: S. Maggi (Italy) Osteoarthritis and hyaluronic acid <i>Leonardo Punzi (Italy)</i></p> <p>12:30-13:00</p> <p>13:00-13:30</p> | <p>EAMA WORKSHOP 3 How to write a scientific paper (lecture& discussion) <i>David Scott (United Kingdom), Jean-Pierre Michel (Switzerland), Alfonso Cruz-Jentoft (Spain)</i></p> | Lunch | Lunch |
| 13:30- 15:00 | <p>Antioxydants and vitamins: interests in prevention Chairs: tbd</p> <p>1. Vitamins and frailty <i>Tamas Fulop (Canada)</i></p> <p>2. Extracellular matrix aging: are vitamins and redox status involved? <i>Sylvie Ricard-Blum (France)</i></p> <p>3. What does vitamin D prevent in older people? Update on do-healt trial? <i>Heike Bishoff-Ferrari (Switzerland)</i></p> | <p>EUGMS - ESPRM Symposium - PREVENTION FOR PERSONS AGING WITH DISABILITY Chairs: Alain Delarque (France), Jean-Pierre Michel (Switzerland)</p> <p>1. Prevention of loss of autonomy for disabled elderly <i>Xanthi Michail (Greece)</i></p> <p>2. Preventing urinary incontinence through pelvic floor rehabilitation of disabled elderly <i>Paolo Di Benedetto (Italy)</i></p> <p>3. Specific recommendations for screenings that should be incorporated into the overall health care plan for individuals with disabilities TBD</p> <p>4. Promoting healthy aging among people who already have mobility disabilities <i>Jean-Pierre Michel (Switzerland)</i></p> | <p>Submitted Symposium THE 5-COOP STUDY. CROSS-NATIONAL COMPARISON OF HEALTH IN CENTENARIANS - NEW INSIGHTS Chair: Jeune, Bernard (Denmark)</p> <p>1. Background and Methodology <i>Jean-Marie Robine (France)</i></p> <p>2. Cognitive and Mental Health <i>Francois Herrmann (Switzerland), Dina Zekry (Switzerland)</i></p> <p>3. Morbidity <i>Karen Andersen-Ranberg (Denmark), Bernard Jeune (Denmark)</i></p> <p>4. Frailty <i>Marie Herr (France)</i></p> | <p>Submitted Symposium Lessons from using the LPZ prevalence measure to benchmark quality of care across three countries Chair: Adam Gordon (United Kingdom), Jos Schols (The Netherlands)</p> <p>1. Which pressure ulcer preventive measures are used in Dutch nursing homes? A longitudinal study from 2005-2014. <i>Martin van Leen (The Netherlands)</i></p> <p>2. Structural quality indicators of care problems in Austrian hospitals over a 3-year period <i>Doris Eglseer (Austria)</i></p> <p>3. Can and should the LPZ-i be implemented in the UK? <i>Adam Gordon (United Kingdom)</i></p> | <p>How to prevent recurrent falls? Chair: Martin Finbarr (United Kingdom)</p> <p>1. Using new technologies <i>Achille Tchalla (France)</i></p> <p>2. How to prevent fear of falling <i>Kasiukiewicz Agnieszka (Poland)</i></p> <p>3. How to prevent falls with injury TBD</p> | <p>30 minutes lecture: WHO new integrated care model: clinical interventions to prevent loss of physical and mental capacities <i>Islene Araujo de Carvalho (Switzerland)</i></p> | Oral Communications |
| 15:00 15:30 | Coffee break | | | | | | |

| | | | | | | | |
|----------------|---|--|---|----------------------------|--|----------------------------|----------------------------|
| 15:30 17:00 | E-Health and active aging <i>Chairs: tbd</i> 1. E-Health and active aging <i>Clemens Becker (Germany)</i> 2. eHealth policy innovation in Europe <i>Mathilde Demory (France)</i> 3. Using an eHealth intervention to stimulate health behavior for the prevention of cognitive decline <i>Esther Karssemeijer (The Netherlands)</i> | SIG Symposium - Prevention of infectious disease and negative outcome <i>Chairs: Stefania Maggi (Italy), Johan Flamaing (Belgium)</i> 1. Recommendation for vaccine: recommendation from the 2017 EICA-EUGMS Stakeholder meeting <i>Stefania Maggi (Italy)</i> 2. Prevention of bacterial transmission: what is efficient? <i>TBD</i> 3. Malnutrition-associated infection: Is there any evidence ? <i>Cornel Sieber (Germany)</i> 4. Functional-decline-associated infection is there a place for prevention <i>G. Gavazzi (France)</i> | Submitted Symposium What's new in withdrawal of fall-risk-increasing drugs presentation of the EIP AHA A1 Synergy Taskforce on FRID <i>Chairs: Tahir Masud (United Kingdom), Hubert Blain (France)</i> 1. Fall-risk-increasing drugs: a systematic review <i>Lotta Seppälä (The Netherlands)</i> 2. Pharmacogenetics and drug-related falls and introduction of EIP AHA A2 Synergy taskforce on FRID - group <i>Nathalie van der Velde (The Netherlands)</i> 3. Medicine use and Alzheimer's disease (MEDALZ) study <i>Sirpa Hartikainen (Finland)</i> 4. A quality improvement initiative on the use of psychotropic drugs in nursing homes in Flanders, Belgium <i>Mirko Petrovic (Belgium)</i> | Oral Communications | What is behind sleep complaints? <i>Chair:tbd</i> 1. Sleep and aging <i>TBD</i> 2. Sleep apnea <i>Thomas Münzer (Switzerland)</i> 3. Restless leg syndrome <i>Kiyoka Kinugawa (France)</i> | Oral Communications | Oral Communications |
| 17:00 18:00 | CLOSING CEREMONY Highlights of the EUGMS 2017 Congress <i>Jean Baptiste Beuscart (France)</i> <i>Miguel Toscano (Portugal)</i> | | | | | | |
